SUMMARY

Motivated final-year BTech Computer Science student with practical experience in full-stack web and mobile app development. Skilled in Node.js, React.js, JavaScript, MongoDB, Java, and UI/UX design. Adept at building responsive, scalable, and user-centric applications using modern design patterns and best practices. Strong in problem-solving, performance optimization, and writing clean, maintainable code. Familiar with tools like Git, GitHub, Redux Toolkit, Clerk, and various NPM packages to streamline workflows and improve user experience.

TECHNICAL SKILLS

- **Languages:** Java, C++, JavaScript
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Figma
- **Mobile Development:** React Native (CLI), XML, Android Studio
- **Backend:** Node.js, Express.js, RESTful APIs
- **Databases:** MongoDB, Firebase, Clerk
- **Tools & Platforms:** Git, GitHub, Postman, NPM, VS Code

WORK EXPERIENCE

Web Developer Intern

Pardy Panda Studio – Offline | Jul 2024 – Sep 2024

- Built responsive and dynamic frontend interfaces in React.js, seamlessly integrated with backend APIs developed in Node.js and Express.js.
- Designed and managed MongoDB databases to efficiently store and retrieve data, implementing full CRUD functionality.
- Collaborated with cross-functional teams to ensure smooth integration between frontend and backend components.
- Utilized Git and GitHub for version control and collaborative development, ensuring clean and trackable codebase.

Frontend Developer Intern

Zidio – Remote | Apr 2024 – Aug 2024

- Explored and integrated various platforms and libraries such as Clerk for authentication and React-Icons for UI enhancement.
- Utilized multiple NPM packages to build visually appealing and user-friendly web interfaces.

React Developer Intern

Celebel Technologies – Remote | May 2025 – Jul 2025

- Built scalable React features with custom hooks, authentication, and routing.
- Designed reusable components and integrated 3rd-party APIs for real-time functionality.
- Implemented clean architecture and responsive layouts across multiple projects.
- Participated in daily stand-ups and sprint reviews using agile methodology.

EDUCATION

Parul University — B.Tech in Computer Science & Engineering

CGPA: 7.08 / 10 | Expected Graduation: 2026

Bhupesh Gupta Inter College — Higher Secondary (12th – PCM)

Percentage: 70%

Paradise Children Academy — 10th

Percentage: 75%

PROJECTS

1. Programmer Media – Social Media App

- Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Developed a full-stack media sharing platform with user authentication and post interactions.

2. Accurate Distributor – Medical Shop Web App

- Stack: MongoDB, React.js, Node.js, Express.js, Tailwind CSS
- Built an end-to-end medicine inventory system with admin-auth, real-time updates, and product filtering.

3. Quiz App – Online Quiz Platform

- Stack: JavaScript, React.js, Node.js
- Built a fully responsive quiz platform with score tracking and leaderboard functionality.

4. Currency Converter – Android App

- Stack: Java, XML, Android Studio
- Developed a mobile app supporting currencies, enabling real-time conversions using public exchange APIs.

ADDITIONAL INFORMATION

- **Languages:** Hindi (Fluent), English
- **Hobbies:** Traveling, Exploring Tech, Staying Honest

CERTIFICATIONS & ACHIEVEMENTS

- **Android Development Training** – Hands-on with Android Studio & XML
- **Hackathon Participation** – College AI/ML Hackathon (Finalist)
- **Lead Training & Placement Coordinator** – Managed campus hiring events for 300+ students
